Product description

The inspiration for the *Infinity* project was the permanent breathing technique. The flautist – **Natalia Jarząbek** – can apply it almost inaudibly and imperceptibly, doing it in a fluid and natural manner. The album was recorded in cooperation with outstanding pianist **Emmy Wils**, a graduate of the Royal Conservatory of Brussels. The repertoire included on the album is very diverse: It contains pieces for flute, as well as transcriptions of original works for piano, violin, or both, by Natalia Jarząbek. The presence of newly created compositions written specifically for the *Infinity* project constitutes a significant value of the album. As part of the project, a special textbook for learning permanent breathing was created.
